

PRICE GUIDE

What dental implants cost at Ardan

Every figure we charge, in one place. Where a range is given, the CBCT scan at your consultation settles where in it your own treatment falls.

TREATMENT	FROM	TYPICAL RANGE	TIME IN CLINIC
Consultation and CBCT scan Examination, 3D scan, written plan. Redeemable against treatment	£95	—	60 minutes
Single tooth implant Implant, abutment, ceramic crown, two review appointments	£2,450	£2,450 – £3,200	2 visits over 3–4 months
Implant bridge (three teeth on two implants) Two implants, bridge, reviews	£6,400	£6,400 – £8,900	3 visits over 4 months
Implant-retained denture (per arch) Two to four implants, locator attachments, new denture	£5,900	£5,900 – £7,800	3 visits over 4 months
All-on-4 (per arch) Four implants, same-day temporary bridge, final bridge	£12,500	£12,500 – £15,000	Surgery day, then 4 months
Full mouth (both arches) As above, upper and lower	£22,900	£22,900 – £27,500	Surgery day, then 4–6 months
Bone graft Depends on the volume of bone needed	£650	£650 – £1,900	Added to the surgery visit
Sinus lift Depends on the height of bone available	£1,200	£1,200 – £2,400	Added to the surgery visit

Also charged where they apply: extracting teeth as part of a plan, £40 each (not charged for the one tooth a single implant replaces); a socket graft at the time of an extraction, £400; intravenous sedation, £400 to £900 depending on the length of the appointment.

REPRESENTATIVE EXAMPLE

£208.33 / month

£12,500 over 60 months at 0% APR.
Total repayable £12,500.

Most patients spread the cost over 12 to 60 months at 0% APR. Payments begin after the surgery date, not at the consultation.

A £95 consultation includes the examination, the CBCT scan and a written plan, and comes off the cost of treatment if you go ahead.
